A Part of Me

Device

What seems to be on your mind?
Creature from the other side
Keeper of the weak and benign
(You won't get it, you don't get it)
You see through demented eyes
The very being you once despised
Hell bent on controlling
The precious pieces held in new lightCan you feel reality rushing in?
Can you feel reality's crush again?You want a part of me?
How 'bout the part of me that doesn't give a shit
You want a part of me?
You're not the only one this timeIt seems that your lust is blind
You make way for the goal in sight
Searching for another new high
(You won't get it, you don't get it)
Enthralled by a new device
You're a prisoner of your vice
You won't be controlling
Your new obsession pays you no mindCan you feel reality rushing in?
Can you feel reality's crush again?You want a part of me?
How 'bout the part of me that doesn't give a shit
You want a part of me?
You're not the only one this timeYou want a part of me?
How 'bout the part of me that doesn't give a shit
You want a part of me?
You'll be the lonely one this timeAnd for a moment I
Felt like your suffering was enough
To let it go, but I
Delight in watching you fuck it upAnd for a moment I
Felt like your suffering was enough
To let it go, but I
Delight in watching you fuck it upYou want a part of me?
How 'bout the part of me that doesn't give a shit
You want a part of me
You'll be the lonely one this timeYou'll be the lonely one this time
