

Lumen

Natalia Clavier

Waiting impatiently
tonight's the night I'm gonna catch you on my devise
with my devise

knowing
for certain
your magnificence is gonna be mine
you're gonna be mineeee

Lumen
the sky's gonna change and you'll never be the same
lumen
the end of the darkness
the lighting is born again
(2x)

Lumen
so many, so many

beyond all time
and space
i'll encounter you
immortalised in my devise
so sure the moment has come your radiance lost
transcending to be mine

CHORUS

Lumen
so many, so many
magnificent
the sky's gonna change
