

Revolution

Raury

Lord save this burning earth
Lord save this burning earth, aw yeah, yeah, yeahTalkin' 'bout a revolution
 Talkin' 'bout a new reunion
 Who is bold enough to do it?
 Do you feel the power of music?
Well I got some news for you, man
 Your so-called constitution
 We're activists of mass polution
 To keep us from the evolution
From the evolution, that's the revolutionLord save this burning earth
Lord save this burning earth, aw yeah, yeah, yeahTell me who gon' bring upon the fire
 Claims of revolution, can't keep on feeding y'all bullshit
 I can do it all within a minute
 Civilly dependent, worried 'bout hit-hit-hits and
 Go and hide a Llama out there hidden
Get my wad of gwap then go along with Guadalupe to the hills and
 Tell you all the future is the children
 Please save the children
 With Mr. Officer killin'
