

D.o.g.'s Get Lonely 2

Snoop Dogg

[Snoop Talking]

What's up baby can I get with you?

Its called dogs get lonely 2

Bow-wow

[Chorus]

I don't give a damn, what your homies say

You don't stay on me, your always out to play

Your so hard to find, seems your shaking me

D.O.G.'s we get lonely

[Snoop]

Look here babygirl D.O.G.'s we get lonely

You can ask all my homies, all D.P.G. got tenderoni's

Now when we on the road trying to get this paper

And phone call away is what you say

But some times you got to find time to get up

To get out and get away You feel me

Now all I want to do is stay real and stay true

I'm trying to have a little something, and keep you satisfied, but

[when] my homeboys say its time to ride then I'm a ride

See I'm a gangsta I'm a always be a gangsta you can't change me

Despite at night I might get lonely ya heard me come and serve me

I'd love to take you to the mall

Buy you a little something go to the movies too

If that's what you want to do, that's what you trying to do

That's what we going to do

Now I'm a put you on a back burner

Cause I got to get this cheese with my crew

But baby momma full of drama ain't that right

D.A.Z. dog's get lonely too

Now you knew the dog was dangerous and you took it

You got good loving

You hook me up a good meal

But you still couldnt hook me

Let me stop lying, I'm trying to be too cool, I shaking the real

All my homies do y'all know D.O.G.'s can get lonely too that's real

[Chorus] x2

[Snoop Talking]

Yo yo check this out baby
I'm not even going to rap on this one
I'm not I'm not much of a rapper at all
But check this out I'm a put this P.I. down to you real small
I mean I got to get this money I'm out here hanging with my homeboys
We do what we do we been doing this
Before I even met you you know what I'm saying
Times get hard my homies gone be there I know you there for me
I know you want to do those things that
That a women supposed to do for a nigga like me
I mean when I get lonely I'm a holler at you
You gone be there for me
That's real

[Chorus]x2
