

She's Like Heroin

System of a Down

Shes like heroin
Sipping through a little glass
Im looking for some help
I need someone to save her assChinese tricks in rooms
With ghosts of hooker girlie dudesMe and heroin, maybe we can make some cash selling
Ass, selling ass for heroin
Ass, selling ass for heroin
Ass, selling ass for heroin
Ass, selling ass for heroinShe wants nothing more
But to be a little whore
He wants nothing less
But to wear a little dressShes like heroin
Sipping through a little glass
Im looking for some helpI need someone to make some cash selling
Ass, selling ass for heroin
Ass, selling ass for heroin
Ass, selling ass for heroin
Ass, selling ass for heroinShes like heroin
Sipping through a little glass
Im looking for some help
I need someone to save her assShe wants nothing more
But to be a little whore
He wants nothing less
But to wear a little dressShes like heroin
Sipping through a little glass
Im looking for some help
I need someone to save her assChinese tricks in rooms
With ghosts of hooker girly dudes
Me and heroin
Maybe we can make some cashShes like heroin
Sipping through a little glass
Im looking for some help
I need someone to save my ass
