

Together

William Shatner

He says Phoenix
Pegasus
Grecian urn
Midwest turn
So much to learn Together
Together She says our souls
Are warm
Lives
Reborn
From hearts
That were torn
Before before
Performs performs Together Together they say
A breath renewed
Everyday
With you
Our arms
Are moved
We are not alone
Not alone Together Our souls are warm
Lives reborn
From hearts that were torn
Before
Breath renewed
Everyday with you
Our arms, our hold
We are not alone Together
Together
Together We're ready
