

Nobody

Kem

Pray for me
So I can know why
I can't get over you, oh baby
I lie to myself
But I can't deny the truth, hey girl
I'm losing control
'Cause all I want is you baby
Girl
How does it feel
To be everything in my world
Ain't never gonna be
Nobody, nobody, nobody, nobody
Nobody like you
Hey girl
Ain't never gonna be (ain't never gonna be)
Nobody, nobody, nobody, nobody
Nobody like you
Baby yeah
Please wait and see
You might change your mind
And give your love
Another chance
Hey girl
You might even find
That I'm the very best man
You could never have
Eh ah, hey girl
So before you let go
Before the night is through
Hear me baby girl, yea
Your my heart and soul
And I belong to you, baby yeah
Ain't never gonna be (ain't never gonna be)
Nobody, nobody, nobody, nobody
Nobody like you (nobody like you)
Hey girl
Ain't never gonna be (ain't never gonna be)
Nobody, nobody, nobody, nobody
Nobody like you
Hey girl, yeah
Nobody ever moved me
And nobody ever soothed me
And nobody ever will
I need you in my life, girl
Nobody has amazed me (nobody)
Girl, ain't nobody ever phased me (nobody)

Nobody's ever loved me right
All my life
Nobody like you, hey yeah baby Ain't never gonna be (ain't never gonna be)
Nobody, nobody, nobody, nobody
Nobody like you (nobody like you)
Baby Ain't never gonna be (nobody ever love me right)
Nobody, nobody, nobody, nobody
Nobody babe,Â nobody like you, baby Ain't never gonna be (ain't never gonna be)
Nobody, nobody, nobody, nobody
Nobody nobody like you, hey girl You are my everything babeÂ (ain't never gonna be)
You are my everything girl
Nobody, nobody, nobody, nobody
Nobody nobody like you, baby Everything I wantÂ (ain't never gonna be)
Everything I need (Nobody, nobody)
Hey girlÂ (Nobody, nobody, nobody)
Nobody like you
Baby, baby
(Ain't never gonna be) there ain't nobody like you, girl Â (nobody, nobody, nobody, nobody, nobody)
Nobody like you, babyÂ
You're my everythingÂ (ain't never gonna be)
You're my sunshine, hey girlÂ (nobody, nobody, nobody)
Nobody like youÂ (nobody, nobody, nobody)
