

Waste

Seether

Go unnoticed, let the freedom wash away
Losing focus, the pretense is second nature
It's a broken life that I cling to trying to make right I feel dismayed just like you do
I feel decayed So find me a way to leave
This wasted life behind me
(This wasted life)
So find me a way to leave
This wasted life behind me, after all Yes, I see you surrounded by the hopeless
When they need you, you're much too good and bloated
By the hopeless life that you cling to trying to make right I feel disdained just like you do
I feel decayed So find me a way to leave
This wasted life behind me
(This wasted life)
So find me a way to leave
This wasted life behind me, after all Go away, go away
And just leave me here
And just leave me here
And just leave me here So find me a way to leave
This wasted life behind me
(This wasted life)
Find me a way to leave
This wasted life behind me This wasted life
This wasted life
This wasted life
This wasted life
