

Stay Away From My Boyfriend

Kiley Dean

Stay away, stay away
Stay away from my boyfriend
(Cause you're not gonna get him)
Stay away, stay away
Stay away from my boyfriend
(I told you before)
Stay away, stay away
Stay away from my boyfriend
(Oh oh)They barely knew your name
Now you got a little money
My feelings haven't changed
That's why you're with me honey (Oh oh)
Well they don't understand that
You knew me back in high school
And now that we're attached
They're always running up behind you
But I tell them toStay away, stay away
Stay away from my boyfriend
(Cause you're not gonna get him)
Stay away, stay away
Stay away from my boyfriend
(I told you before)
Stay away, stay away
Stay away from my boyfriend
(Cause you're not gonna get him)
Stay away, stay away
Stay away from my boyfriend
(Oh oh, oh oh)They see me at your side
Kimberly and Kelly
They run to tell you hi
Acknowledging me barely
But who they tryin' to fool
It's so obvious to me
Why they suddenly want you
But they gotta go through me
And I told them toStay away, stay away
Stay away from my boyfriend
(Cause you're not gonna get him)
Stay away, stay away

Stay away from my boyfriend
(I told you before)
Stay away, stay away
Stay away from my boyfriend
(Cause you're not gonna get him)
Stay away, stay away
Stay away from my boyfriend
(Oh oh, oh oh)I'm a let you know, You really need to slow your roll (Oh yeah)
We've been together all this time, Now you only want him cause he's mine
You see him gettin' all this loot, but he ain't about to trip on you
He's happy here with me so shake and stay out of my boyfriend's face
So I'm tellin' you toStay away, stay away
Stay away from my boyfriend (Stay away)
(Cause you're not gonna get him)
Stay away, stay away
Stay away from my boyfriend
(I told you before)
Stay away, stay away
Stay away from my boyfriend (Yea)
(Cause you're not gonna get him)
Stay away, stay away
Stay away from my boyfriend
(Oh oh, oh oh)Stay away, stay away
Stay away from my boyfriend (Cause he's mine)
(Cause you're not gonna get him)
Stay away, stay away
Stay away from my boyfriend
(I told you before)
Stay away, stay away
Stay away from my boyfriend
(Cause you're not gonna get him)
Stay away, stay away
Stay away from my boyfriend
(Oh oh, oh oh)
