

# You Think You're So Smart

[Aaron Neville](#)

You think you're so smart  
Yes, you think you know it all  
But the game you're trying to play (trying to play)  
Can be played another way (another way)  
And you see that  
You never-never had it so good till you met me I brought you to the city  
Now you tell me there's no room for pity  
My friends tried to tell me so (tell me so)  
I told them they didn't know (they didn't know)  
That lights have gone to your head  
You never-never had it so good  
Till you met, until you met me  
Oh, until you met me  
Never had it so good  
No, you never, you never, you never had it so good (never had it so good)  
Till you met me, my darling (never had it so good, yeah, yeah)  
Whoah, without me (never had it so good)
