## In Trance 95

Fire behind us  
As we go away  
Nothing between us  
Only reasons of painAbove is the sky  
Want us to die  
Nothing can stay  
On this land todayFire behind us  
As we go away  
Nothing between us  
Only reasons of pain  
Above is the sky  
Want us to die  
Nothing can stay  
On this land today
