

Acid Annie

Natalia Kills

Advisory - the following lyrics contain explicit language:

I followed you to the mall, I pulled up right by your car.
And darling, I saw it all, yeah
I followed you to the house, I watched you there on the couch.
And honey, I saw it all, yeah
If your wondering why your windows smashed, your shirts are slashed, your house is trashed, me.
Don't you know that it's me, me , me, me
Acid Annie don't be bitter for the rest of your life
He can hurt you, don't deserve you, but he can't make it right. Your guilty guns on the ground, put your apology
down, take you own mess ohhh, yeah
Call me psychotic or numb, I'm just a product of love
So thanks for showing me how, yeah And if your wondering why your brakes are cut and everything is fucked,
It's me
Don't you know that it's me, yeah Acid Annie don't be bitter for the rest of your life
He can hurt you, don't deserve you, no he can't make it right.
Acid Annie don't be bitter for the rest of your life
No, love ain't easy, when your bleeding from the thrill of the fight. If your wondering why your windows
smashed, your shirts are slashed, your house is trashed, me.
Don't you know that it's me
And if your wondering why your brakes are cut and everything is fucked, It's me, motherfucker it's me,
yeah. Acid Annie don't be bitter for the rest of your life
He can hurt you, don't deserve you, no he can't make it right.
Acid Annie don't be bitter for the rest of your life
Yeah, love ain't easy, when your bleeding from the thrill of the fight, from the thrill of the fight.
