

Hang It On Your Wall

Woods

Oooooohhhh
Daylight, you'll feel fine
I need some oxygen to...
And I'll be back again
Sit tight, oh you're allright
Take a photograph if you like
And hang it on your wall
Come back when you need,
someone to hold onto to,
someone to hold back to
Strange feeling inside,
That you've left it all behind

oooooo

Daylight, oh I feel fine
Take a photograph if you like
and hang it on your wall
come back when you need
someone to hold back to
someone to fall back to
hanging on
hang it on your wall
someone to hold back to
someone to fall back to
strange feeling inside
that you left someone behind
