The Time Is Now

Naked Eyes

Don't think twice of me tonight
And I will do the same
Strange days have caught us once againI can see no mystery
In what you have to say
When you lie, your eyes give you awayHow can you be right if I am wrong?
Yesterday has gone away
Tomorrow means nothingThe time is now, the time is now
The time is now, the time is nowI can see no mystery
In what you have to say
When you lie, your eyes give you awayHow can you be right if I am wrong?
Yesterday has gone away
Tomorrow means nothingThe time is now, the time is now
The time is now, the time is nowTomorrow means nothing, the time is now
Tomorrow means nothing, nothing, the time is now
