Bit by Bit (Theme from "Fletch")

Stephanie Mills

Moving in, making my connection
Something's up, you can feel it in the air
Private eyes, never know who's watching
Playing cool, you haven't got a prayerHave you heard the news making all the headlines
Zooming via satellite?
Have you heard the news coming through the grapevine
Fletch is working overtimeBit by bit, one way or another
Bit by bit, running undercover
Tonight can't lose, making all the headlinesBit by bit, gettin' to the bottom
Bit by bit, nothing's gonna stop us tonightDiggin' in, gonna break by mornin'
Comin' out, you can read it in the TimesHave you heard the news making all the headlines
Zooming via satellite?
Have you heard the news coming through the grapevine
Fletch is working overtimeBit by bit, one way or another
Bit by bit, running undercover
Tonight can't lose, making all the headlinesBit by bit, gettin' to the bottom
Bit by bit, nothing's gonna stop us tonight
TonightHave you heard the news making all the headlines
Zooming via satellite?
Have you heard the news coming through the grapevine
Fletch is running outta timeBit by bit, one way or another
Bit by bit, running undercover
Tonight can't lose, making all the headlinesBit by bit, gettin' to the bottom
Bit by bit, nothing's gonna stop us tonightBit by bit, one way or another
Bit by bit, running undercover
Tonight can't lose, making all the headlinesBit by bit, gettin' to the bottom
Bit by bit, nothing's gonna stop us tonight
