Donâ€™t get too close, donâ€™t go too far, darlinâ€™  
Just walk away, oh no stay, baby  
We met too young thatâ€™s what people say  
But will you remember me in ten years or so  
I donâ€™t know

Sometimes weâ€™re in love and sometimes not  
Sometimes it gets so much harder than I thought  
But then you put your arms around me  
And the world stops itâ€™s only you I see

Donâ€™t get too close, donâ€™t go too far, darlinâ€™  
Just walk away, oh no stay, baby  
We met too young thatâ€™s what people say  
But will you remember me in ten years or so  
I donâ€™t know

I donâ€™t want to lose what we are  
But you keep pushing me away so far  
And you say stay until you can see straight  
But time moves quick and I donâ€™t want to wait

Donâ€™t get too close, donâ€™t go too far, darlinâ€™  
Just walk away, oh no stay, baby  
We met too young thatâ€™s what people say  
But will you remember me in ten years or so  
I donâ€™t know
