

# Crying

## Speedstar

I was all right for a while  
I could smile for a while  
But when I saw you last night  
    You held my hand so tight  
When you stopped to say hello  
And though you wished me well  
    You couldn't tell  
That I'd been crying over you, crying over you  
    Then you said so long  
    And left me standing all alone  
    Alone and crying, crying, crying, crying  
    It's hard to understand  
    That the touch of your hand

    Can start me crying  
I thought that I was over you  
    But it's true, so true  
I love you even more than I did before  
    But darling, what can I do?  
    You don't love me  
And I'll always be crying over you, crying over you  
    Yes, now you're gone  
    And from this moment on  
I'll be crying, crying, crying, crying  
    I'm crying, crying over you
