I Wanna Knighthood

Angelic Upstarts

I saw the passing through the royal heir.
Keep the bastards down it's all too clear.
Destroying the lives of thousands of men.
Here is you medal parade it up high, so we can see!I wanna knighthood! May the medal honour exist.
I wanna knighthood! I'm Queen Liddle's best.
Put me on the list, I've got to be the upstanding team of Chivalry.Let the peasants feed the starving greed.
Want is want, water is the greed.
Is there a difference between men and me?
Maybe more honest, 'cause I plead guilty!I wanna knighthood! May the medal honour exist.
I wanna knighthood! I'm Queen Liddle's best.
Put me on the list, I've got to be the upstanding team of Chivalry.
