Lightyears

Charlene Soraia

I apologise a thousand times for every lightyear I'm away
And I'm away quite a lot, but I bear no lies
You're not the first to rob me when you're
Only sick as your secrets, and you're sick
Just stay so close that you're onto me
I could just do with the company
Stay close to me now
I really don't mind, having you near this time, except for twice
And I bear no lies
You're not the first to rob me when you're
Only sick as your secrets, and you're sick

Just stay so close that you're onto me
I could just do with the company
I love you, I hate you, I miss you, you break me
Why don't you leave me alone?
I'd love to desert you, or kiss you, you test me
Why don't you leave me alone?
I apologise a thousand times for every lightyear I'm away
And I'm away, and I'm away
Just stay so close that you're onto me
I could just do with the company
