

Options

PARTYNEXTDOOR

I could be the guy at the end of the street
high on caffeine

Ranting and raving, baby

And that's OK

At least I've got options

Or I could be the one who gives it all up
and moves back to the parents' house

Live in the basement baby

And that's OK

At least I've got options

All the things you'll see

And the place you'll go

All the people you need

Everybody wants you

Wants to be you

I could settle down be responsible

Be a good man

And Learn how to fix things, baby

And that's OK

At least I've got options

Or I could try and learn what I unlearned

Moving to business

And make loads of money for gullible people

That's OK

At least I've got options

All the things you'll see

And the place you'll go

All the people you need

Everybody wants you

Wants to be you

I never wanted to change you

I only wanted to share

I don't believe, I don't believe

Starting over and over again,

Over and over again

Somebody who understands and loves me
Despite all my weakness' baby
And that's OK
At least I've got options

All the things you'll see
(All the things that you wanted see)
And the places you'll go
(All the places that you wanted to go)
All the people you need
(All the people you wanted to need)
And the lovers you've known
All the lovers that you wanted to know

Everybody wants you
Wants to be you

Over and over again
Over and over again
