# Another's Burden

## The Moleni Brothers

Lord I will follow thee
Give All My Love to thee
I would do for you
All that you ask and more

Give me strength
Help me to be the strength to those in need
to bear another's burden
Like you did for me

Chorus
Yes I am willing to mourn with those that mourn
Comfort those who stand in need of comfort
Bear another's burdens that they may be light
Oh Lord help me keep you in my life x2

The road will be rough along the way
But help me to trust in you and never go astray
That I may always be a strength to those in need

A new beginning is near
Let them know that you are always near
To guide them back to me we're forever once we will be

Back to chorus.....
