

Forever My Lady

Jodeci

Forever, forever, forever So you're having my baby
And it means so much to me
There's nothing more precious
Than to raise a family If there's any doubt in your mind
You can count on me
I'll never let you down
Lady, believe in me You and I
Will never fall apart
You and I
We knew right from the start, baby, baby The day
We fell so far in love
Now our baby is born, healthy and strong
Now our dreams are reality Forever my lady
It's like a dream
I'm holding you close
You're keeping me warm
If this is ecstasy Forever my lady
I say just what I mean
Forever and ever
I pray is what I see Can you picture my lady?
This empty scene
There's no me or no you, what will we do?
An awful sight to me If I ever lose you
Tell me where will I go
Life would have no meaning
And I pray that you will always stay with me You and I
Would never fall apart, baby
You and I
Said we knew right from the start The day
We fell so far in love
Now our baby is born, healthy and strong
Now our dreams are reality Forever my lady
It's like a dream
I'm holding you close
You're keeping me warm
If this is ecstasy Forever my lady
I say just what I mean
Forever and ever
I pray is what I see Lady, you and I

Will never fall apart, no no
You and I
I say we made it
And I say we made it from the startThe day
We fell so far in love
Now our baby is born
So healthy and strong
Now my dreams are realityForever my lady
Ah yeah, baby
Forever my ladySaid, "I pray every night, baby
Forever my lady
And every day of the week
It's like a dream
I'm holding you close
You're keeping me warm
If this is ecstasy"
