Kamlyn
I hope you understand
I hope you know I'm sorry that it's your blood on my hands
Kamlyn
This isn't what planned, at all
Don't you know our last goodbye is now a one night stand is all

'Cause
I left myself I left myself here
On the heath in the grass in the sunshine
And I watch myself as I stab myself in the back
With the question marks

Kamlyn
I hope you know it's time
To see you one last time just to give you back your stuff
It's time I feel
Kamlyn
I know we're I know were still in love
I know where in love
Don't you know one last good by ain't never gon be enough

'Cause
I left myself, I left myself here
On the heath in the grass in the sunshine
And I watch myself as I stabbed myself in the back
With the question marks

Always in control
Of it
Always in control
Of it
This isn't what I planned at all
'Cause I'm
Always in control
Shame on me

Kamlyn
I wish you'd seen the signs

And I hope you know that I'm sorry that the best laid plans were mine

I hope you understand

I hope you know I'm sorry that it's your blood on my hands here
