Your Spirit's Alive

Dropkick Murphys

We are the ones who will never be broken
We are the ones who survive
This is the sound that brings us together
You are the one by our sideCHORUS:
And through it all, the spirit's alive
And through it all, your spirit's aliveYou are the memory that lives on forever
The shadow that stands by our side
This is the sound that keeps us together
We are the ones who surviveCHORUSFarewell my brother
You're off to the big rink in the sky
The good lord's between the pipes
*And you've got Bavis and Ace on the wingWe are the ones who will never be broken
We are the ones who surviveCHORUSThis is the sound that brings us together
You are the one by our side
