Your Spirit's Alive

Dropkick Murphys

We are the ones who will never be broken

We are the ones who survive

This is the sound that brings us together

You are the one by our sideCHORUS:

And through it all, the spirit's alive

And through it all, your spirit's aliveYou are the memory that lives on forever

The shadow that stands by our side

This is the sound that keeps us together

We are the ones who surviveCHORUSFarewell my brother

You're off to the big rink in the sky

The good lord's between the pipes

*And you've got Bavis and Ace on the wingWe are the ones who will never be broken

We are the ones who surviveCHORUSThis is the sound that brings us together

You are the one by our side
