

# If I Were Free

Don Williams

If I were free what I would do  
I'd run and lock myself away with you  
And turn a ring into a key  
Oh I know that's what I'd do  
If I were free  
If I were strong I would be so mild  
I would be strong enough to love you like a child  
I would turn a cry into a song  
Oh I know that's what I would do  
If I were strong  
If I were wise then I would see  
What makes you love a foolish man like me  
I'd stand by you just like a tree  
Oh I know that's what I would do  
I would chain myself to you  
I would never leave this room if I were free  
A line of birds across the sun  
Darling it's my fate to follow on the run  
But girl this running is not for me  
I would never run again if I were free  
And here's just what I'd do  
I would chain myself to you  
I would never leave this room if I was free
