Story Of Your Life

Five For Fighting

At 17 she left Long Island bound for Hollywood
Another story like the ones you've heard before
He left her broken like you figured, like you knew he would
She shut her heart after his ring rang off the door
It's the story of your life you're tearing out the page
New chapter underway
The story of your life, you live it everyday
You can run, you run but you won't get away
I don't know what's coming up
Where will you go now?
It's the story of your life
She hit the ground, she built a fine career
Every weekend walked her dog beside the sea
In the salt she met a man who knew at once but wait
Is he the one we need him to be?
In the story your life, you're moving down the page
As the words begin to change
The story of your life, you live it everyday
You can run, you run but you won't get away
I don't know what's coming up
Where will you go now?
It's the story of your life
Look around look around and the world will find you
Look around look around and the world will find you
Look around look around and the world will find you
There's a reason that we live so far from Hollywood
In the country looking hard to find a home
We're nothing perfect all considered but we're so damn good
It's the story of your life, you're moving down the page
And you know you're on your way
The story of your life, you live it everyday
You can run, you run but you won't get away
No one knows what's coming up
Where will you go now?
It's the story, it's your story
It's the story of your life
