

Halo Of Flies

Skyclad

All you needed was somebody with a dream,
A fool to crucify or to put upon a pedestal.
Only dead fish float with the stream -
Compared with you I seem like an extra-terrestrial. I'm not your Robin Hood or Peter Pan,
I won't play Jesus Christ - Santa Claus.
I'll never pass for a superman -
I'm just an effect trying to find a cause. Tell me who am I, what am I and why am I here. Is it because I'm flesh
and blood
That creature comforts feel so good?
I give my body all it needs -
It sleeps and eats and shits and breeds. And if I keep my feelings stum,
Hard luck - bibo ergo sum.
Just trying to do the best I can
Is a giant leap for this small man. All you needed was somebody with a dream,
A fool to crucify or to put upon a pedestal.
Only dead fish float with the stream -
Compared with you I seem like an extra-terrestrial. You say that life is a miracle -
I don't believe one word.
Forgive me for being so cynical -
From down here you all look absurd. So are you happy now we all feel the same?
Martyrs to the cause - boredom level nearing terminal.
You're afraid to go against the grain,
Next to you I feel like a shining intellectual. James T. Kirk - Albert Einstein,
Sitting safe aboard the Enterprise.
If you're out there send me a sign -
I need somebody to sympathise with. Tell me who am I, what am I and why am I here. Must I succumb to every
urge -
First feast and fast (then binge and purge).
My spirit's strong - my flesh is weak,
I laugh and cry and scream and speak. And sometimes when I feel confused,
I walk a path I did not choose.
Watch my life on video -
A private homemade horror show. All you needed was somebody with a dream,
A fool to crucify or to put upon a pedestal.
Only dead fish float with the stream -
Compared with you I seem like an extra-terrestrial. So are you happy now we all feel the same?
Martyrs to the cause - boredom level nearing terminal.
You're afraid to go against the grain,
Next to you I feel like a shining intellectual. You say that life is a miracle -

I don't believe one word.
Forgive me for being so cynical -
From down here you all look absurd.
