Find My Love

Fairground Attraction

Cats are cryin', gates are slammin'
The wind is howlin' 'round the house tonight
I'm as lonely as a boat out on the sea
When the night is black and the tide is high
Oh, on nights like these, feel like fallin' to my knees
Feel like callin' heaven pleaseFind my love
Find my love
Find my love
Find my loveWell I turn the dial on my radio trying to find an all night station
I want to hear a song I know, song about my situation
Oh oh, on nights like these, feel like fallin' to my knees
Feel like callin' heaven pleaseFind my love
Find my love
Find my love
Find my loveSomewhere out there there must be a boy for this girl
Could be anywhere, could be next door or the other side of the world
Call up my radio, give them my number
Tell them to put it out on the airThere must be someone
There must be someone like me
Sittin' lonely as a boat out there
Oh oh, on nights like these, feel like fallin' to my knees
Feel like calling heaven pleaseFind my love
Find my love
Find my love
Find my loveOh, find my love
Find my love
Find my loveOh, find my love
Find my love
Find my love
Find my love
Find my love
Find my loveFind my love
Find my love
Find my love
Find my loveDo I have to find my love?
Find my love
Find my love
Find my love
