

It's Your Life (Dented Fender Sessions)

Francesca Battistelli

This is the moment
It's on the line
Which way you gonna fall?
In the middle between
Wrong and right
But you know after all It's your life--what you gonna do?
The world is watching you
Every day the choices you make
Say what you are and who your heart beats for
It's an open door
It's your life Are you who you always said you would be
With a sinking feeling in your chest
Always waiting on someone else to fix you?
Tell me, when did you forget? It's your life--what you gonna do?
The world is watching you
Every day the choices you make
Say what you are and who your heart beats for
It's an open door To live the way that you believe
This is your opportunity
To let your life be one that lights the way It's your life--what you gonna do?
The world is watching you
Every day the choices you make
Say what you are and who your heart beats for
It's an open door It's your life--what you gonna do?
The world is watching you
Every day the choices you make
Say what you are and who your heart beats for
It's an open door
It's your life
It's your life
