Your Arrival

Phil Wickham

Here in the final hour
Hope lifts the tired eyes
Here now, we are waiting
For You to arriveGreat things are set in motion
The sky breaks with a trumpets sound
You call all Your children
To meet You in the crowdsWe are waiting, anticipating
Your arrival, Your arrival
Voices raising, celebrating
Your arrival, Your arrivalWe'll keep the candle burning
We'll watch for every sign
Here now we are waiting
For You to arriveGreat thing's about to happen
Lord, let Your kingdom come
And call us home to Heaven
The city of our GodHaste the dayWe are waiting, anticipating
Your arrival, Your arrival
Voices raising, celebrating
Your arrival, Your arrivalOh, this is our song
Wherever You are
Is where we belong, oh, LordWe wanna be with YouWe are waiting, anticipating
Your arrival, Your arrival
Voices raising, celebrating
Your arrival, Your arrival
