[VERSE 2: Foxy Brown]

I only met one nigga that deserved it
He a gangsta' so he worth it

Throw it up in mad positions
From the bathroom to the kitchen
On the table fuck the dishes
They fall to the floor
While I give you the business
And I'm so flexible that I'll stretch and pull that ass up real properly
Can't fuck with the ill na na
Can't fuck with the ill na na

1, 2, 3, 4

[CHORUS: Kiara]

[VERSE 3: Foxy Brown]

The boy can't handle the na na
Let him put one hand on the na na
Then I'll let him get a sniff of the na na
Your boy came to quick for the na na
Then I'll let him get a lick of the na na
Let that boy get stiff than a na na
See my pun-pun print to the fellas
Something like the black medallion

[BRIDGE: Kiara]

Boy relax your mind it will be alright
Just hold and I'll bang you right
Lights go out cause I'ma light up your life
So what you gonna do.

[CHORUS: Kiara]
