YG

[Hook: YG]

I be on bullshit, I be on bullshit, I be on bullshit

I be on bullshit, I be on bullshit, I be on bullshit

I'm in the foreign with the full clip

Ridin' with the full clip on some rich bullshit

I'm in love with a hood bitch

I give her this good dick on some Trump bullshit[Verse 1: YG]

If that's my pussy, put my name on it

If that's my pussy, put my name on it

Want me to wife it? Put my name on it

If I beat it out the frame, put my name on it

Order up some guns, add a gauge on it

I ain't playin' with these niggas, and they notice (on Bloods)

That's my gun, I'ma hold it

And I ain't movin' like that, y'all notice

All this liquor fuckin' up my liver

All this money fuckin' up my niggas

All these bitches fuckin' up my main squeeze

Main squeeze hear this shit, she gon' hate me

Attitude how it is cause I don't give a fuck

Yea, I know I ain't right but I don't give a fuck

I know we ain't the same cause I been different

Who the one to blame? This drink, nigga?[Hook: YG]
