Hey Hey

The Castillians

She said nothin lasts forever
You better hold it close to the goal
The rope is tampeling through my fingers
The future to my rope never goes

Hey Hey Teacher you runnin out of time
Hey Children start gettin in line
You got your problems, baby, I got mine
Let's go out and party tonight

I've read the book that you've been writting
About the things that will happen now
I've seen the light that you've been shinning
On people who try to put it out

Hey Hey Teacher you runnin out of time
Hey Children start gettin in line
You got your problems, baby, I got mine
Let's go out and party tonight

Hey Politician you've run out of lies
Hey Boxer you ran out of fight
I got the antidote so I'm alright
Let's go out and party tonight

Hey Hey Teacher you runnin out of time
Hey Children start gettin in line
You got your problems, baby, I got mine
Let's go out and party tonight

Hey Hey Boxer you runnin out of fight
Hey Politicians you runnin out of lies
I got the antidote so I'm alright
Let's go out and party tonight

Hey Hey Teacher you runnin out of time
Hey Children start gettin in line
You got your problems, baby, I got mine
Let's go out and party tonight

Hey Hey Darlin you lookin just fine
Your dress is awesome, your hair's alright
I got a gun and I'm lookin for a fight
Let's go out and party tonight

Hey Hey
