

Children Of The World

Aaron Carter

Featuring:

Aaron carter, backstreet boys, 'n sync, mr. president,
4 the cause, pappa bear, dj bobo, sash, kisha,
Squeezer, 2-4 family, andreas, biber, daniel hall, r'n'g
This goes out to all the children
All over the world
This is for the children
Children of the world Come a little closer now
So you can see the children's eyes
There's no use in trying
When you're dealing with the dying
Let me just talk to you
Hope that you believe it, too
There's so many ways of help
Laughter you can bring Come closer now
See the children's eyes
You just have to give them a helping hand With a little bit of love
And a little bit of time
You can help the children of the world Just a little bit of love
And a little bit of hope
There're a lot of things to do
To help the children of the world R'n'g is about to take control
The only thing you got to do is set yourself free
We got to help each other that's how it has to be
2-4 fam. needs to bring a helping hand Come a little closer now
See it in their eyes
We got to keep on trying
To stop the children crying Come closer now
See the children's eyes
You just have to give them a helping hand With a little bit of love
And a little bit of time
You can help the children of the world Just a little bit of love
And a little bit of hope
There're a lot of things to do
To help the children of the world We just have to understand
They all need a helping hand
With a little bit of love
A little bit of love
Lot of things to do
Hope you know it, too

We just want to give them a little hope
With a little bit of love
And a little bit of time
You can help the children of the world
Just a little bit of love
And a little bit of hope
There a lot of things to do
To help the children of the world
