

I'm Your Villain

Franz Ferdinand

You toss in a word
I'm your villain
I see the passion emerged
I'm your villain
But serious
You're so serious
Like a waiter
Hating the rich
But taking their tips If I could laugh, I'd love you
If I could smile at anything you said
We could be laughing lovers
I think you prefer to be miserable instead
If I could love, I'd love you
If I could love like anybody else I know what I am
I'm your villain
I don't give a damn
I'm your villain
Because serious
You're so serious
But I got ready salted
Ready on your belly
If you want to have fun See you later
