

# Perfect Moment

Martine McCutcheon

This is my moment  
This is my perfect moment with you  
This is what God meant  
This is my perfect moment with you

I wish I could freeze this space in time  
The way I feel for you inside

This is my moment  
This is my perfect moment with you

Tell me you love me when you leave  
You're more than a shadow, that's what I believe  
You take me to places I never dreamed I'd see  
Minute by minute you are the world to me

I wish I could frame the look in your eyes  
The way that i feel for you inside

This is my moment  
This is my perfect moment with you

And if tomorrow brings a lonely day  
Here and now i know I haven't lived in vain  
I'll cry my tears in the rain  
and if love never comes again  
I can always say I've been  
to paradise skies in your eyes... in your eyes

So tell me you love me the moment you leave  
You're more than a shadow, I've just to believe

I wish I could keep you all of my life  
The way that I feel for you inside  
This is my moment  
This is my perfect moment with you  
This is my moment  
This is my perfect moment  
With you, with you..
