Screamer

King's X

at night they come while you dream
in between the wake and sleep
then you feel paralyzed
and soon you end up screamingno no nosometimes the voices are so clear
the fear just grips your soul
you see but there's nothing there
you know you're not alone, not aloneoh no nohad a dream the other night, didn't go away
over and over again
make the dreams go away, will they ever end
over and over againyou wake, the feeling is relief
then it comes, vibrations so strange
and then oh no, you realize
you've woken up inside your dreamno no nohad a dream the other night, didn't go away
over and over again
make the dreams go away, will they ever end
over and over again
