Determined

NFS

Go, so fucking determined
Yeah, yeah go
You better believe it, confidence
Go, so fucking determined
Yeah, yeah go
Spit out all reason, yeah
I'm tired of holding all the weight
The weight of the motherfucking world
All I want is to just get right here right now
We struggle and fight just to get in the grave
That's overflowing
Clocks ticking on my 15 minutes of fame
Come on now, 1 2 3
Go, so fucking determined
Yeah, yeah go
You better believe it confidence
Go, so fucking determined
Yeah, yeah go
Spit out all reason, yeah
I'm flushing the trust of everyone
Stabbing in the back and thinking they can break me
Set my sight can't die till I'm done, mind endurance
Never wanted anymore than what I deserve
Better bring it I'm taking it all
Fuck an inch 'cause I'm bringing a mile
It's on now 1 2 3
Go, so fucking determined
Yeah, yeah go

You better believe it confidence
Go, so fucking determined
Yeah, yeah go
Spit out all reason, yeah
This fire, is growing, is burning deep inside of me
Focused, driven, certain, the way it's got to be
Fire, growing, burning deep inside of me
Focused, driven, certain, the way it's got to be
Crooked, no trust, liar, conman, drunk with, power, mentor
Taught me everything that I know

So wrong
Wrong
Wrong
Wrong
1 2 3
Go, so fucking determined
Yeah, yeah go
You better believe it confidence
Go, so fucking determined
Yeah, yeah go
Spit out all reason, yeah
Go, I'm fucking determined
Yeah, yeah go
You better believe it, confidence
Go, I'm fucking determined
Yeah, yeah go
Spit out all reason, yeah
