

What's Wrong With Groovin'

[Stee Downes](#)

What is wrong with groovin'
Cant a girl just have a little happy
Without any hide and seek
What is this your risking for
Surely there must be another way out
They don't have to put me down

Why do they call, out your name
Just like you said its only seven, baby
Why are they pimpin'
Are they foolin'
Where are they at
What is wrong with groovin'
What is wrong with wailing
What is wrong with livin'
What is wrong with livin'

Why do they call, out your name
Just like you said its only seven, baby
Why are they pimpin'
Are they foolin'
Where are they at
What is wrong with groovin'
What is wrong with wailing
What is wrong with livin'
What is wrong with livin'
