

Summer Rain (136 BPM Edit)

ATB

She put a smile upon your face
Every time you see her
She comes running through your veins
Just like summer rain
Like summer rain She builds you up
And tears you down
She's that queen without a crown
Just like summer rain
Like summer rain She put a smile upon your face
Every time you see her
She comes running through your veins
Just like summer rain
Like summer rain She builds you up
And tears you down
She's that queen without a crown
Just like summer rain
