

Luv, Hold Me Down

Drowners

In a simple skirt you caused a ricochet
Of courting boys who watched you walk away
 But I don't live my life like you do
 No, I don't live my life like you do
 So hold me down and never let me go
 A school boy grin that only goes to show
 That I could never have such control
 Every time you leave
 Every time yo leave I wanna go
 Rip me up and bully me in jest
 About the afternoons you spent
 sleeping on my chest
 But I don't live my life like you do
 No, I don't live my life like you do
 So hold me down and never let me go
 A school boy grin that only goes to show
 That I could never have such control
 Every time you leave
 Every time yo leave I wanna go
 So hold me down and never let me go
 A school boy grin that only goes to show
 That I could never have such control
 Every time you leave
 Every time yo leave I wanna go
