

Karaoke (Prod. by Francis and the Lights)

Drake

Things have been so crazy and hectic, I should have got her back by now
But you know how much I wanted to make it, It's probably better anyhow

So if you gotta go, if there's anything I should know

If the spotlight makes you nervous

If you're looking for a purpose

You put the tea in the kettle and light it

Put your hand on the metal and feel it

But do you even feel it anymore?

I remember when you thought I was joking

Now I'm off singing karaoke

Farther than I've ever been

So if you gotta go, if there's any way I can help Isn't it ironic that the girl I wanna marry is a wedding planner?

And tells me that my life is too much and moves to Atlanta? Damn

Of all the places you could go

I just thought you'd choose somewhere that has somebody that you know

I'm always up too late, I worry about you there alone

And that place you call your home, warm nights and cold Patron

I hope you don't get known for nothing crazy

Cause no man ever wants to hear those stories about his lady

I know they say the first love is the sweetest

But that first cut is the deepest

I tried to keep us together, you were busy keeping secrets

You were telling everybody but me

Don't be fooled by the money, I'm still just young and unlucky

I'm surprised you couldn't tell I was only trying to get ahead

I was only trying to get ahead

But the spotlight makes you nervous

And you're looking for a purpose

I was only trying to get ahead

I was only trying to get ahead

But the spotlight makes you nervous
