

# This Life

## Mercyme

This is not my home  
(This is not my space)  
This is not my style  
(This is not my place)

Can't get comfortable  
(Can't get settled in)  
I simply don't belong  
(Can't get used to this)

But I'm here right now  
(I can hear you say)  
Make the most of Me  
(This won't go to waste)  
If I'm out of my mind  
(Yeah it's all for Christ)  
If I'm making sense  
(Then get it right)

Every moment is a chance  
To let your light break through

This life (oh oh oh oh)  
This life was meant to shine  
This life (oh oh oh oh)  
This life was meant to shine

I don't have to stall  
(I don't have to wait)  
Don't have to bide my time  
(Til I make my escape)  
'Cause heavens in my heart  
(I won't settle for less)  
I will lift your name  
(By the life I live)

Every moment is a chance  
To let your light break through

This life (oh oh oh)

This life was meant to shine  
This life (oh oh oh)  
This life was meant to shine

It's in my heart  
It's in my soul  
I'll live everyday  
Just to make you known

'Cause this life  
This life was meant to  
Meant to shine

Hold your heads up high  
This is our moment to rise  
We were meant to shine  
Not just survive

Hold your heads up high  
This is our moment to rise  
We were meant to shine  
Not just survive

This life (oh oh oh)  
This life was meant to shine  
This life (oh oh oh)  
This life was meant to shine

It's in my heart  
It's in my soul  
I'll live everyday  
Just to make you known

'Cause this life (oh oh oh)  
This life was meant to  
Meant to shine

It's in my heart  
It's in my soul  
I'll live everyday  
Just to make you known

'Cause this life (oh oh oh)  
This life was meant to  
Meant to shine

Oh oh oh

We were meant to shine!
