

Cutter

Suicide City

Desperate times doing lines
Waves of misfortune
Pedophile gone a while
Inside the Robot
This is where I wanna be
Inside everyone but me

This is so rational
Can't you see this
This is so rational
Don't you forgive everything

Cut Cut Cut Cut Cut I'm open
Cut Cut Cut is this the way you want me to

What you share isn't fair
Memories invade
Such a thrill gonna kill
Every Jack and Jill
This is hwere I want to be
Inside everyone but me

Cut through blood

I CUT DEEP THROUGH MY BLOOD
