

Me And My Kind

Cody Johnson

Yeah that's my old girlfriend
Saw her when she walked in
Her hair's a little longer but she's still lookin' stronger than sin
No, I don't care if you buy her a drink
But she's not the kind of girl you think
Oh, cause back when we were lovin' she thought cowboys were something
Now' they ain't
Cause she's over buckles
She's over spurs
To her you're just a heartache in a pearl snap shirt
Been lassoed and let go for the last time
No, she ain't just over me, she's over me and my kind
I guess I ruined it for the rest of us
When I left her standing in my dust
Oh, and lately she's been hating rodeos and Copenhagen
And trucks, ha-ha
Yeah she's over buckles
She's over spurs
To her you're just a heartache in a pearl snap shirt
Been lassoed and let go for the last time
No she ain't just over me, she's over me and my kind
Yeah she's over buckles
She's over spurs
To her you're just a heartache in a Wrangler pearl snap shirt
Lassoed and let go for the last time
She ain't just over me, she's over me and my kind
She ain't just over me, she's over me and my kind
