

What God Wants, Part I

Roger Waters

[boy:] "I don't mind about the war, that's one of the things I like to watch, if it's a war going on, 'cause then I know if our side's winning, if our side's losing..."

(switch channels)

What God wants God gets God help us all

What God wants God gets (repeated)

The kid in the corner looked at the priest

And fingered his pale blue Japanese guitar

The priest said: God wants goodness

God wants light

God wants mayhem

God wants a clean fight What God wants God gets

Don't look so surprised

It's only dogma

The alien prophet cried

The beetle and the springbok

Took the Bible from its hook

The monkey in the corner

Wrote the lesson in his book

What God wants God gets God help us all God wants peace

God wants war

God wants famine

God wants chain stores What God wants God gets God wants sedition

God wants sex

God wants freedom

God wants semtex What God wants God gets

Don't ok so surprised

I'm only joking

The alien comic lied

The jackass and hyena

Took the feather from its hook

The monkey in the corner

Wrote the joke down in his book

What God wants God gets God wants borders

God wants crack

God wants rainfall

God wants wetbacks What God wants God gets God wants voodoo

God wants shrines

God wants law

God wants organised crime

God wants crusade
God wants jihad
God wants good
God wants badWhat God wants God Gets
