Go To Montecito

The High Llamas

Signs went up, walls came down
To build an arch in Chinatown
We stand outside as science hides

Silence can see
(Really?)
Scratching at
(Doors?)
Freely

The wind may carry you home
Just don't go to Montecito, to Montecito

Hub grew up stars stuck luck
The last address was Hub U.S.
The gold wall thinned when Hub moved in

Settle the facts sweetly
Numbers will match neatly

The wind may carry you home
Just don't go to Montecito, to Montecito
