Secret Weapon

Divinefire

You always had some trouble with authority
And that's the way that growing up's going supposed to be
But you can make it through, you gotta believe
You are your own secret weapon
It's all up to you to come out swingin'
It's all up to you
Take back the stolen years, the truth will set you free
Don't lay down and lie, shut down the fallacies
Throw all of your fears into the sea
You are your own secret weapon
It's all up to you to come out swingin'
It's all up to you
So call all your cars and take to the streets
Raise up your voice and sing, you can't change the past
'Cause nothing will last
Embrace what tomorrow brings, you can't change the past
You are your own secret weapon
It's all up to you to come out swingin'
It's all up to you, all up to you
