

Good

Nico Vega

Swallow my tongue
Look me in the eyes
Say I love you until the end of my life Can I walk away?
Live through this life?
Make love to a stranger
And then be his wife Did you notice that I don't belong?
That I am the weaker
And you'll be the strong Why didn't you notice
That when I call it up
Yeah, you are the satine
And I pull it down I'm not sure I'm good enough
I'm not
I'm not sure I'm good enough
I'm not lifting up I know you want to be the judge
I'm not sure I'm good Swallow my tears
Then I look in your eyes
I got it
And I'm searching the light If you'll walk away
Then Ill understand
You'll always remember that you are my man Did you notice that I don't belong?
That I am the weaker
And you'll be the strong Why didn't you notice
That when I call it up
Yeah, you are the satine
And I pull it down I'm not sure I'm good enough
I'm not
I'm not sure I'm good enough
I'm not lifting up Are you sure you want this much?
I know you want to be the judge
I'm not sure I'm good
I'm not sure I'm good enough
I'm not sure I'm good enough I know I've let you down
I know I've let you down
I know I've let you down
I know I've let you down I know I've let you down
I know I've let you down
I know I've let you down
I know I've let you down
